# Requesting 90-Day Extension

- The interconnection application will include the option to submit a '90-day extension' form.

Form Name	Form Status
90-Day Extension	New Form Became ava

1. Located on the view/edit page, under Available Forms.
2. Select 'Begin'
3. Acknowledge the statement by selecting the check box.
- 4 . Submit the form.
5. One-time 90-day extension will automatically be granted.

**90-Day Extension Request Form**

- This form is used to request a one time 90-day extension to the 180-day deadline.
- APS will grant a one time 90-day extension directly after submitting this form.
- Please see the Deadlines section of the application to view the new due date.

**IMPORTANT NOTE:** This form can only be used once. Attempting to submit the form additional times will not extend the project deadline.

**Installer Acknowledgment:**

**3**

As the Installer, I acknowledge this form will add a one time 90-day extension to the 180 day deadline. If the installation is not completed by the new deadline the application may be canceled. \*

---

**4**

- The form is expected to be available by the end of April 2024. A stakeholder communication will be sent when the changes have been implemented.

# Meter Socket Adapter Reminders

- Submit the 'Meter Socket Adapter Install Request' form when application is approved.
  - When the MSA is installed, upload documents and submit the 'Final Documents' form.
- \* The meter socket adapter (MSA) is required to be installed before the Final Documents form can be submitted.

The Meter Socket Adapter Install' request form must be re-submitted if corrections were required and have been completed in the field. This will notify APS that corrections have been made and you are ready for install.
