

## Bill Explanation

The following is an example of a bill for a business customer on the **Large GS TOU** service plan.

### Your electricity bill

Bill date: September 28, 2020

#### 1 Summary of what you owe

Amount due on your last bill	\$53,110.87
⊖ Payment made, thank you	-\$53,110.87
⊖ Your balance forward	\$0.00
Your new charges (details on following pages)	
⊕ Cost of electricity (includes taxes and fees)	\$53,197.88
⊖ <b>Total amount due</b>	<b>\$53,197.88</b>
<b>Payment due date</b>	<b>Oct 12, 2020</b>

#### 2 Budget Billing Status

Your current settle-up debit balance is \$XX.XX. For Budget Billing information, visit [aps.com/budgetbilling](https://aps.com/budgetbilling).

**YOUR ACCOUNT NUMBER:**  
0123456789

**FOR SERVICE AT:**  
123 Main St

#### Questions?

- Log in to My Account at [aps.com](https://aps.com)
- Call us at 855-769-3729

#### Save time with AutoPay

Enroll in AutoPay and your business's bill will automatically be paid on your due date. You'll receive an email with the amount and date of the withdrawal so there are no surprises. Visit [aps.com/bizautopay](https://aps.com/bizautopay) and sign up today.

## Bill Descriptions:

**1 Summary of what you owe**—This section will inform you of any credits or balances due on your account. It will also inform you of your next payment due date. If you have more than one service address, see page 2 of bill instead.

**2 Program enrollment information**—You will find any information about programs that you are enrolled in here, such as AutoPay or Budget Billing.

**3 Account information**—Here you will find your account number and the service address.

**4 APS messages**—You will find important information regarding your account, programs or other news from APS here.

\* These services are currently provided by APS but may be provided by a competitive supplier.

## 3 Amount of electricity you used

Meter reading on Sep 25	965
Meter reading on Aug 26	898
Read difference is	67
Multiplier applied to the read difference	7200
<b>Electricity you used, in kWh</b>	<b>482400</b>
<b>Total electricity you used, in kWh</b>	<b>482400</b>
On-peak meter reading on Sep 25	156
On-peak meter reading on Aug 26	146
Read difference is	10
Multiplier applied to the read difference	7200
<b>On-peak electricity you used, in kWh</b>	<b>72000</b>
<small>(3 pm - 8 pm Monday - Friday)</small>	
<b>Off-peak electricity you used, in kWh</b>	<b>410400</b>
<small>(8 pm - 3 pm Monday - Friday and all day on weekends and 10 holidays)</small>	
On-peak demand meter reading	0.18
Multiplier applied to the read	7200
Your total on-peak demand in kW	1296.00
<b>Your billed on-peak demand in kW</b>	<b>1296.0</b>
Off-peak demand meter reading	0.31
Multiplier applied to the read difference	7200
Your total off-peak demand in kW	2232.0
<b>Your billed off-peak demand in kW</b>	<b>2232.0</b>

## 4 Average daily electricity use per month

## 5 Comparing your monthly use

	This month	Last month	This month last year
Billing days	30	33	32
Average outdoor temperature	88°	95°	89°
Your total use in kWh	482400	496800	475200
Percentage of on-peak use	15%	18%	17%
Your billed demand in kW	1296.0	1210.0	1224.0
Your average daily cost	\$1,773.26	\$1,609.4	\$1,662.40

## Bill Descriptions:

**1 Account information**—Here you will find important information regarding your account, service plan, meter number and billing cycle.

**2 Charges for electricity services**—This is a breakdown of all the charges that go into your energy cost. This will include information regarding your energy usage, adjustors, on- and off-peak charges and more. See the third page of this document for a full breakdown of charge descriptions.

**3 Amount of electricity you used**—This section shows the dates your meter was read, the total amount of energy used during this billing period and the amount of energy used during on- and off-peak hours.

**4 Average daily electricity used per month**—Compare this month's average daily energy use with your average daily usage last month and in the same month of the previous year.

**5 Comparing your monthly use**—Compare the elements that can affect the cost of your bill (such as billing days, temperature, usage) with last month and the same month of the previous year.

## Glossary of terms:

- Customer account charge**—The minimum charge for having service available, whether you used electricity or not.
- Delivery service charge**—A charge, based on your kWh usage and/or kW demand, to build and operate the equipment for delivering electricity to your home, including lines, poles, transformers and substations.
- Environmental benefits surcharge**—A charge to cover the costs of programs approved by the Arizona Corporation Commission, including energy efficiency and renewable energy projects.
- Federal environmental improvement surcharge**—A charge to recover a portion of the cost of investments and expenses for environmental improvements at APS's generation facilities designed to comply with environmental standards mandated by federal laws or regulations.
- Systems benefits charge**—A charge to cover the costs of programs approved by the Arizona Corporation Commission, including low-income assistance, demand side management, customer education, environmental, renewables, long-term public benefit research and development, nuclear fuel disposal and nuclear power plant decommissioning programs as well as other programs approved by the Commission.
- Power supply adjustment**—An adjustment mechanism to recover fluctuations in fuel and purchased power costs.
- Metering**—A charge for providing and servicing the meter.
- Meter reading**—A fixed fee to determine your energy use.
- Billing**—The cost of calculating and providing your monthly statement.
- Generation of electricity**—The cost of producing the electricity you used this month.
- Demand charge on-peak - generation**—The cost of producing the electricity you used this month based on your kW demand.
- Federal transmission and ancillary services**—The cost for moving high voltage electricity from generating facilities and other sources to the APS distribution lines.
- Federal transmission cost adjustment**—A cost, based on your kWh usage, to adjust for annual charges in transmission-related costs procured to serve retail customers.
- Tax expense adjustor**—An adjustor that provides a reduction to customer bills based on recent changes to the federal corporate income tax rate.
- Regulatory assessment**—A cost imposed on customers of state-regulated utilities to help fund the Arizona Corporation Commission and Residential Utility Consumer's Office.
- Franchise fee**—A charge by a municipality for APS's use of the public rights-of-way for its facilities.
