Glossary of terms:

- Customer account charge**—The minimum charge for having service available, whether you used electricity or not.
- Delivery service charge**—A charge, based on your kWh usage and/or kW demand, to build and operate the equipment for delivering electricity to your home, including lines, poles, transformers and substations.
- Environmental benefits surcharge**—A charge to cover the costs of programs approved by the Arizona Corporation Commission, including energy efficiency and renewable energy projects.
- Federal environmental improvement surcharge**—A charge to recover a portion of the cost of investments and expenses for environmental improvements at APS's generation facilities designed to comply with environmental standards mandated by federal laws or regulations.
- Systems benefits charge**—A charge to cover the costs of programs approved by the Arizona Corporation Commission, including low-income assistance, demand side management, customer education, environmental, renewables, long-term public benefit research and development, nuclear fuel disposal and nuclear power plant decommissioning programs as well as other programs approved by the Commission.
- Power supply adjustment**—An adjustment mechanism to recover fluctuations in fuel and purchased power costs.
- Metering**—A charge for providing and servicing the meter.
- Meter reading**—A fixed fee to determine your energy use.
- Billing**—The cost of calculating and providing your monthly statement.
- Generation of electricity**—The cost of producing the electricity you used this month.
- Demand charge on-peak - generation**—The cost of producing the electricity you used this month based on your kW demand.
- Federal transmission and ancillary services**—The cost for moving high voltage electricity from generating facilities and other sources to the APS distribution lines.
- Federal transmission cost adjustment**—A cost, based on your kWh usage, to adjust for annual charges in transmission-related costs procured to serve retail customers.
- LFCR adjustor**—A charge to recover fixed costs of providing service, such as power poles, wires, and other delivery infrastructure, that are lost due to mandated energy efficiency and rooftop solar.
- Tax expense adjustor**—An adjustor that provides a reduction to customer bills based on recent changes to the federal corporate income tax rate.
- Regulatory assessment**—A cost imposed on customers of state-regulated utilities to help fund the Arizona Corporation Commission and Residential Utility Consumer's Office.
- Franchise fee**—A charge by a municipality for APS's use of the public rights-of-way for its facilities.
